

Coconut Bay II & III

OASIS COLLECTION

DYNASTY SPAS

We took forever making a decision on a company and model, but I'm so glad we decided on this Coconut Bay from Dynasty. I love the way the LEDs light up the tub at night, and being able control the colors and brightness of each section with the In.Mix controls is so awesome! Relaxing in our tub at night, with the lights all on, the waterfalls flowing, and the stereo playing is my safe haven from the stress of the day. 10/10 would recommend

IN.MIX, LED CONTROLS

Stunning underwater light shows can do more than further enrich your soak, they can define your spa environment. They can change the mood from a party atmosphere to a romantic setting, as well as an added safety feature after dark. The in.Mix adjustable and independent zone LED lighting system provides 113 points of light that glow from the footwell up to the spa lip and controls. The visual delight of water shooting through a beautiful spectrum of color adds unique charm to your soak.

IN.STREAM 2, INTEGRATED BLUETOOTH™ AUDIO SYSTEM

Streamed from your spa, your favorite music never sounded so good! in.stream 2 audio station is a compact, rugged and splash proof all in one outdoor audio system that delivers an awesome sound quality through Class D amplifier technology to enhance your backyard audio experience. It comes with an in.p4 docking station that connects, protects and lets you control your audio player or smartphone directly from your spa keypad.
